SPICER PAPERS

Papers, 1833-1872

1 folder

The Spicer Papers are predominantly family letters from members in towns in Minnesota. One letter of interest mentions an impending cataract operation in 1870, others relate to land transactions and opportunities. A calendar of most of the letters is at the beginning of the folder with short notes on their contents.

1-1 Correspondence, 1833-1872
