FORD MOTOR COMPANY ARCHIVES

ACCESSION 703

S. R. Skibicki, Engineering Administration - Ford Bus Files of incoming and outgoing communications, blueprints, telegrams, test reports and correspondence relative to the Ford Bus (1941-1949)

NOTE: Mr. Skibicki's folders, headings, file sequence, etc., retained throughout. Records in the first six boxes (A-D) in this accession were received in very poor condition. They had been water soaked prior to our receipt, and are badly damaged. The remaining records had not been damaged in this manner.
